EN DUICK

THE STORY OF A LEGEND:

Pen Duick, the Breton for a black cap, a magnificent and unique boat, designed by William Fife in 1898, became along with Eric Tabarly a symbol of the French sailing.

Eric Tabarly was an extraordinary sailor, as well as a talented aviator, adventurer and naval officer. He embodied all the heroic qualities: the charisma, the values, the tenacity, and that "hint of madness" without which nothing great is ever achieved.

Eric Tabarly became the proud owner of Pen Duick in 1952, they sailed and won many races together. With the confidence of these successes, he created a dynasty of boats, Pen Duick II, III, IV, V and IV.

This 6 iconic ships fleet, made of innovative technologies, turned the 20th century naval architecture on its head and led the way to discoveries.

These revolutionary cutters smashed the previous ocean-going yachting records. The shaped and elegant hulls of the black caps keep rushing forward on the seas to the pleasure of a numerous audience.

The Pen Duick clothing and accessories lines gather many ranges and concepts made of innovative and contemporary products. Use the Pen Duick products on your daily life, to fulfill your tasks and reach your goals. Robust, elegant and modern, Pen Duick products are essential to succeed and sustain the legend.
